

Hungarian Academic Scholarship for Iranian Students (2019-2020)

The Deadline for Registration: 1397/10/25 equal to January 15th, 2019

Based on the received report from the International and Scientific Cooperation Office (ISCO) at Yazd University, students who wish to apply for this scholarship can check this site (<https://apply.stipendiumhungaricum.hu/>) and do initial registration for the fields of study and valid universities of MSRT (grad.saorg.ir) and Ministry of Health and Medical Education (edd.behdasht.gov.ir) and get 5-digital code from the above system.

It is necessary that candidates meet the requirements for registration in Comprehensive Student System (Sajad) from 1397/10/11 equal to January 1, 2019 to 1397/10/25 equal to January 15th, 2019 (until the end of office hours) through Deputy of scholarship and students affairs in abroad of I.R.IRAN which can be checked in this address (Scholarship.Sarog.ir).

It is emphasized that no request will be taken into consideration after passing the deadline and the other point which needs to be cited here is that this is an initial registration and the final confirmation of admission will be announced subsequently.

Furthermore, the choice of top candidates will be made according to academic records, English language score and other academic proficiencies as well as interview evaluation of the host University.

It has also been added to this report that: according to the general policies of MSRT and Ministry of Health and Medical Education and also amendment to the article 35 of education exemption of Islamic Consultative Assembly dated 1396/06/11, Diploma candidates for continuing studies at university are limited to study at universities of our country. Therefore, the scholarship of foreign governments for the programs beginning from Diploma (Bachelor and general medicine) will not be given priority by MSRT and Ministry of Health and Medical Education. It is noted that in the new academic year, asking for leave on the part of the students even for (1 or 2 semesters) is not possible.

For the attention of the candidates who want to continue their studies in PhD:

It is necessary that candidates who want to continue their studies in Ph.D. at foreign universities from 1398/04/01 equal to June 22nd, 2019 register officially at universities of group A (Excellent), and group B (Good), which is accessible in the database of Deputy of scholarship and students affairs in abroad of I.R.IRAN. Therefore, the issued documents from universities of group C (Mediocre) will be taken into consideration and evaluated just up to master's degree if their formal admission is done after the mentioned date.
